Baseline Document Change Announcement

Standard Input (SI 2001M1)

BDC02S-02

January 28, 2002

Subject: Release of Standard Input (SI2001M1) for the 2001 Standard Specifications for Road and Bridge Construction in Metric Units, and Consultant Preparation of Special Provisions.

Metric Standard Input (SI) SI2001M1 is hereby released by the Department. *SI2001M1* and the *Metric 2001 Standard Specifications* shall be used for projects designed in Metric Units. Issued revisions to the *1996 Standard Specifications* as amended by the *1998 Supplemental Specifications* that were included in *SI98DOT2* have been incorporated in the *2001 Standard Specifications for Road and Bridge Construction*. The Bureau of Quality Management Services (QMS) will update *SI2001M1* as specification revisions are released.

Instruction to Designers

Designers shall refer to BDC00S-6, dated December 27, 2001, entitled “Release of Standard Input (SI2001E1) for the 2001 Standard Specifications for Road and Bridge Construction, and Consultant Preparation of Special Provisions”. The detailed instructions to Designers regarding preparation of Special Provisions, as well as, the Special Provisions Submission Requirements shall be valid for projects designed in Metric units.

In conjunction with the 2001 Metric Standard Specifications, SI2001M1 shall be used for all projects scheduled for Final Design submission after April 1, 2002.

Distribution and Announcement Access Information for Designers

This announcement is being distributed electronically to our in-house staff and various public agencies based on our Standard Specifications distribution list maintained by the Engineering Documents Unit.

Internet access to this BDC Announcement along with all necessary files and web links can be downloaded and viewed from the following New Jersey Department of Transportation Web Page:
